

Handwritten: John 7.

Given 1911

Dr. J. E. Hanley,

January 8th, 1914

Almonte.

Dear Dr. Hanley:

It is a very invidious matter to select the names of a dozen of the most distinguished graduates of the University of Toronto, because they have followed different professions and different opinions are held as to the relative standing. I may mention, however, a few of the names that occur to me of the distinguished men who have gone through the University. I must be understood, however, as not saying that these include the dozen most distinguished men.

In public life there have been such men as Hon. Edward Blake, Sir William Meredith, Sir John Boyd, The Governor of Ontario, Hon. W.T. White, Minister of Finance. In medicine besides many of the leading medical men of the Province there is Dr. Barker of Johns Hopkins, and there are other distinguished men both in Britain and the United States who are graduates of Toronto. In literature there is John Beattie Crozier of London, and there are others whose names also may occur to you. In professorial work there are a great many both in the United States and England. Most of the large universities have professors on their staff who graduated from one of the colleges or faculties of the University of Toronto. The new President of Manitoba University is a graduate of the University of Toronto. Three of the Chief Justices of the Western Provinces are graduates. In all the Churches there are distinguished men. I have been told that there are five bishops in the United States who were educated at Trinity, which is a constituent

college of the University. In the Presbyterian, Methodist, and other Churches there are so many that it would be invidious to make distinctions.

I am,

Yours sincerely,

President.

DR. JOHN F. HANLY,
ALMONTE, ONTARIO.

President Talbot -
University of Toronto -
Toronto -

Dear Sir

Your very kind letter to
hand your information was just
what I wanted. i.e. to try and impress
some of our young people with what
has been done by Canadians and
endeavor to stimulate their ambition.
No comparisons will be made. It was
only to select a few of the many
who come from old variety to great
things elsewhere. With many thanks
for your courtesy
Sincerely

Yours Sincerely
J. F. Hanly
